

Remote Control Prostate Massager

The prostate orgasm is the biggest, most intense orgasm a man can experience, and the remote controlled HUGO™ is perfectly designed to offer entirely new avenues of sexual satisfaction. With 8 settings and exclusive SenseMotion™ technology, HUGO™ is all set to become the playpartner you've been waiting for. USB-rechargeable & 100% waterproof, this expertly sized pleasure object deeply massages the prostate, while a secondary motor in the base stimulates the perineum for absolutely overwhelming stimulation.

HOW TO USE

- First, apply plenty of LELO's personal moisturizer to HUGO™ and to your body for the most pleasurable sensation.
- Push the (⏻) button to turn HUGO™ on, and press again to begin cycling through the stimulation modes.
- On the remote control, press + to increase vibration strength and - to decrease.
- HUGO™ has 6 stimulation settings and 2 additional SenseMotion™ settings that take full advantage of the massaging vibrations for male pleasure.
- To lock HUGO™ simply hold + and - buttons on the control pad together until the lights turn off. To re-activate and turn on, hold + and - together until the lights turn on.
- Once HUGO™ is inserted, it will sit comfortably in place without having to hold it. Simply rock back and forth on it to enhance the hands-free stimulation.

SENSEMOTION™ CONTROLS

- Press the (⏻) button once on the massager and a light will show.
- Turn on the remote by pressing the + button once. The remote is now in SenseMotion™ Mode 1, and you will feel a quiet vibration. Turning the remote vertically will change the vibration power.
- Wireless connection takes a few seconds. Once connected, the vibrations in the remote will mirror the vibrations in the massager.
- To alter the vibration intensities in Mode 1, tilt the remote. When tilted vertically, the vibration is at its maximum strength.
- Change modes by pressing the (⏻) button on the remote. SenseMotion™ Mode 2 is the 'shake mode'. The faster the remote is shaken, the more intense the vibrations are.
