Kama Sutra

Throw yourself into a new position

Him on top? Her on top? Or time to try out something other than the missionary position tonight? Throw yourself into an exciting new position with these two Kama Sutra Love Dice from the MOODZZ Tease & Please collection.

MOODZZ, maker of the internationally acclaimed erotic game Discover Your Lover, knows how to turn even a simple die into a deliciously erotic instrument: Love Dice! One die contains six stimulating Kama Sutra positions to bring a little playful variation into your love life. The other die suggests six thrilling locations in which to try it out—because, truly, there's a world of excitement waiting beyond the bed!

Even the Love Dice package plays a role in your erotic adventure: empty, it becomes a door hanger that keeps potential peeping Toms from barging in on you.
